Home Repair Priority Worksheet

Walk the house, list what you find, and triage it. Most repairs are Tuesday problems, not emergencies.

Step 1: Triage what you found

Priority	Rule	Examples
Now	Safety or active water	Water you cannot stop, gas…
This week	Anything involving water	Stains, running toilets, f…
This month	Getting worse with use	Leaning fence post, draggi…
This season	Wear and comfort	Sticking doors, worn hardw…
Someday	Cosmetic only	Paint refresh, hardware up…

Step 2: List the jobs

Repair	Priority	DIY or pro	Est. $
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____
_____…	_____	_____	_____

Typical Treasure Valley ranges (2026)

Repair	Typical range
Drywall patch	$100 - $300
Faucet replacement	$150 - $350
Toilet fill valve / flapper	$100 - $200
Outlet or switch replacement	$75 - $150
Ceiling fan install (exist…	$150 - $350
Door adjustment or hardware	$75 - $200
Tub / shower re-caulk	$100 - $250
Fence section repair	$150 - $450
Gutter cleaning (single st…	$100 - $250

Step 3: DIY or pro?

[ ] DIY-friendly: filters, flappers, caulk, hinges, nail holes, plunger work

[ ] Call a pro: wiring beyond a fixture swap, plumbing behind walls, gas, roofs

[ ] Call a pro: finish work that must disappear (texture, stain, sheen matching)

[ ] Batch it: 3+ small jobs in one visit costs far less per task than separate calls
